Have you seen Abigail's new kite? It's in the shape of a big orange fish. She won it at Henry's party last month. Today she and her parents took the kite to Riverside Park to fly it. Josh Jensen and his family went along, too, and Josh brought a kite of his own. The family had a picnic, and then they flew Abigail's and Josh's kites. On the way home, they stopped at the Jensens' house for ice cream.

Darrell and his mother were meeting Darrell's father at Grand Central Station. They had just moved to New York and they weren't familiar with the station. Mrs. Williams went up to the information window. "Excuse me," she asked the woman in the booth. "Can you tell me when the train from White Plains arrives?"

"The next one is due in at 4:17 on Track 19," she replied.

"Where is that?" asked Mrs. Williams.

"Right over there," the woman replied, pointing to the stairs leading to the track.

They looked at where the woman was pointing and there was Darrell's father coming up the stairs. It was a happy reunion for all!
